Tomiris Bolat

SOFTWARE ENGINEERING & CYBERSECURITY

PROFILE

My name is Tomiris, I'm 17 and I am an ambitious and dedicated software developer. I am currently studying Software Development at the STEP IT School, and I am also actively studying cybersecurity, including developing my skills in the field of network technologies and will soon pass the Cisco CCNA certification. I am striving for professional growth in the field of technology, especially in the field of cybersecurity, and plan to delve into working with cloud technologies and algorithms.
